Coloring

"Stick Out Your Neck" Series

About This Book . . .

This book is designed to develop classification skills for preschool and kindergarten students.

Reading and mathematics skills are reinforced by activities involving following directions, visual and auditory discrimination, and motor coordination.

Contained in this book are 64 worksheets which are based on categories such as colors, numbers, animals, food, clothing, toys, tools, music, furniture and more. To complete these pages, children will be matching, cutting, pasting and coloring.

Want a Change of Pace for an In-service Session?

**"Stick Out Your Neck" with a Carson-Dellosa Publishing
"Make-It & Take-It" Workshop.**

Carson-Dellosa offers a workshop that includes a presentation and the opportunity to select and copy more than 1,000 games and learning activities.

Preschool thru grade 4 teachers, special education teachers, reading and mathematics consultants, curriculum specialists, student teachers, aides and volunteers can benefit from the ideas presented at the Carson-Dellosa Workshop.

THE PRESENTATION

An audio-visual format is used highlighting the following:

- Teaching, reinforcing and motivating with learning activities.
- Making learning activities effectively and economically.
- Choosing a management system.
- Keeping records of student progress.
- Making games reusable for various skills.

"MAKE-IT & TAKE-IT!"

Participants may choose and copy from over 1,000 different activities including the following and more:

- egg carton games
- clothespin games
- envelope games
- gameboards
- large bulletin board patterns
- over-sized story starters with word lists

BASIC SKILL AREAS HIGHLIGHTED

- Reading/Phonics
- Creative Writing
- Mathematics
- English
- Readiness
- Spelling
- Reference Skills
